---

## PROJECTS

**Crime Detection and Prediction** September, 2022 - Ongoing

- To detect crime from the following dataset by using Statistics.
- By using Predictive Analysis it will be able to detect it.

**Project Cricket Manager** August,2021 - May, 2022

- Developed a program that is inspired from Football Manager game that works on the rules of cricket. Made purely in Java Programming language and applied by Swing Applications of Java.
